
Private PlanetLab Korea and Beyond

2008.12.1. Brussels

Sue Moon

Research Testbeds in Korea

- KREONET

- KOREN

Roles of Private PlanetLab Korea

- Include domestic research labs and corporate customers
- Nurture domestic community
- Expand the testbed to more experimental research

Status Quo

- PPK Control Node
 - Coming up in early December
 - 3 more sites by the end of this year
- Plan for 2009
 - Increase total # of node to 50
 - ◆ Foreseeable new users: 10 sites
 - ◆ Move nodes on PLC to PPK?
 - Add heterogeneity to PlanetLab
 - ◆ WiBro/3G/3.5G PlanetLab nodes
 - Federate with OneLab
